ABOUT POWER ENERGY SOLUTIONS

Power Energy Solutions is a leading company specializing in the supply, leasing, rental, and maintenance of diesel power generators, we have built a strong reputation for delivering exceptional contracting services across UAE. Our success is driven by our dedicated, highly skilled, and committed team.

Our core focus is on providing customized, integrated products and services. With a well-established infrastructure, state-of-the-art equipment, and skilled manpower, we deliver turnkey solutions to various industries. We offer the latest in power generator technology, ensuring our customers receive the best products and services available.

At Power Energy Solutions, our objective is to serve our customers with best-in-class electric generators, reliable door-to-door delivery, and comprehensive after-sales service at competitive market prices. We continue to enhance our reputation for excellence and responsiveness by delivering reliable, tailored solutions that meet our customers' unique requirements.

OUR VISION

To be UAE's # 1 provider for Electric Power Generators focusing on Quality, Service, and 24/Hour support.

OUR MISSION

We achieve this vision by

- Providing the best quality and range of products from leading manufacturers.
- Servicing and Maintaining all equipment 7/24 by experienced technicians.
- Delivering special flexible payment plans that cater to our customer needs.

SERVICES & SOLUTIONS

MAINTENANCE

Our Maintenance team is committed to provide you with the highest quality of service and repair, with prompt response that includes 24/7 Support. We offer a variety of maintenance contracts that cater to each customer's needs. Not only do we offer diverse packages of service and maintenance contracts, but we also tailor to each customer's needs by developing on demand customized contracts.

GENSET REPAIR

We offer variety of innovative and cost effective solutions from a normal service up to major overhauling including replacement of all the defected parts, repairing of pumps, cleaning of engine heads and radiators, and using genuine spare parts to ensure long term reliable operations.

ON-CALL SERVICES

Our on-call service is supported 24 hours per day by a team of highly skilled service Technicians and Technical Managers with a comprehensive electrical and mechanical knowledge of power generation failures and repairs. Their experience and commitment enable us to provide a professional and efficient service to all customers regardless of whether we are supporting a single standby generator or a multiple set base load paralleling or synchro system.
